

Big Top delivers **colossal foliage** for
premium product at retail

NEW Big Top Collection Heuchera

With the largest foliage of any Heuchera on the shelf, Big Top will earn big profits at retail.

These new, robust varieties form massive mounds with enormous sprays of cream flowers from April to May. Large lobed leaves are up to 8 in. (20 cm) in size. As *H. villosa* hybrids, these varieties are the most heat tolerant of all Heuchera. Big Tops are available as bareroot, small liners and in the Fast Finish™ program.

Contact your Ball Seed sales rep today for information on these Darwin Perennial products and more or call 800 879-BALL.
