

Grow **Fast Finish**TM liners
to **sell more** perennials

Heuchera 'Swirling Fantasy'

DarwinPerennials®

Fast Finish™ is the quick, easy & profitable way to

Aquilegia Winky Double Dark Blue-White

Liners arrive vernalized, bulked and ready to finish

Fast Finish liners arrive already vernalized by the supplier, and are programmed to begin active growth, mature and flower when grown under the proper temperatures and photoperiods. These 21-cell trays are fully established inputs designed to finish quickly. Different genera will break dormancy at different times. Depending upon the month received, liners may not have any top growth upon arrival! Shipments are sent from a greenhouse where product was maintained slightly above freezing, so they arrive dormant at the beginning of the shipping season. Later in the shipping season, product emerges out of dormancy and arrives to the customer with growth already initiating.
